The creative process and energy of Dale Chihuly is vividly documented in this book. It chronicles the remarkable story of how in the time from Thanksgiving to Christmas 1996, Chihuly's most startling and challenging outdoor installation took form. It started with a 45-minute telephone call to Harriet Bullitt, the guiding force behind the development of the eco-friendly Sleeping Lady Retreat and Conference Center in Leavenworth, Washington. After numerous discussions about a special installation for the Sleeping Lady Chapel, Chihuly had awoken the day after Thanksgiving inspired to drive from Seattle, over the Cascade Mountains, to share his extraordinary vision. Chihuly's team of glassblowers created the Icicle Creek Chandelier of 1200 parts. With the help of engineers, welders, drillers, a lighting designer, a solar consultant, a geologist, a forester, and Chihuly's own installation specialists, it was installed in 20 degree below zero weather and snow. Bullitt concludes her foreword by writing, Seeing how the Icicle Creek Chandelier was made only heightens the sense of wonder one feels at viewing this startling piece.It is a permanent reminder of how a human-made creation can be framed in nature and find harmony within it. The book is a photographic record of the creative process narrated by Chihuly's own words drawn from the myriad voice mail messages that shaped it. This book offers the most intimate and revealing account of Chihuly's creativity and working methods to date.

Brazilian designer Fábio Sasso, who has wildly popular design blog Abduzeedo, has created the definitive guide to design. This book features interviews with designers and offers tutorials on various design styles, an extension of what he does with his site abduzeedo.com. Each chapter addresses a particular style, e.g., Vintage, Neo-surrealism, Retro 80s, Light Effects, Collage, Vector, and starts off with an explanation about the style and techniques that go into that style. Next, the Abduzeedo Design Guide shows images from different visual artists illustrating each style. Fábio interviews a master of each style, such as, in the case of Retro Art, James White. Then he wraps up the chapter with a tutorial showing the elements and techniques for creating that style in Photoshop. Meant for beginning to intermediate designers as well as more experienced designers looking for inspiration, the book focuses on styles that can be applied both to web or print.
