About Altai When a fire rips through the Venetian Arsenal in 1569, the enigmatic Emanuele De Zante, spy-catcher and secret agent, is betrayed by his lover, imprisoned, and accused of treason. Given the chance to escape, he embarks on a trans-European odyssey that will test his loyalty and force him to question even his own identity.

A mio parere, ottima introduzione all'arte dei Wu Ming, specie per i piu' giovani. Difficile il paragone con Q, indiscusso capolavoro, pur riconoscendo che linearita' e tinte meno cupe fanno di Altai una lettura piu' leggera e a tratti piu' piacevole.

The events presented in "Altai" took place between June 1569 and December 1571. As with all of the Wu Ming novels I have read to date, namely Q, 54 and Manituana, most of the characters existed, most of the significant events really happened, and all of the fictitious elements are plausible in the context of the historical facts.
