Gombrowicz is a fantasist, but his work is clearly grounded both in reality and autobiography. Besides the seven stories from his first book, Bacacay collects two free-standing stories from his novel *Ferdydurke*,

## **Bacacay - Witold Gombrowicz - Complete Review**

Bacacay is the name of a street in one of the Buenos Aires suburbs Gombrowicz inhabited in 1939, early in his time in Argentina. In Polish, Witold Gombrowicz transformed the original spelling of the street name from "Bacacay" (the Indian name of a battle) to "Bakakai" in order to aid its proper pronunciation in that language

Witold Gombrowicz, *Bacacay* (transl. Bill Johnston. Archipelago, 2006) I am a very late comer to Gombrowicz - through a casual remark by Tokarczuk in an interview to FAZ, saying that in her view he merited a Nobel. He did not - his writing is too self-referential, bordering on narcissism. But a great writer, nonetheless, he is.

In this bitterly funny novel by the renowned Polish author Witold Gombrowicz, a writer finds himself tossed into a chaotic world of schoolboys by a diabolical professor who wishes to reduce him to childishness. Originally published in Poland in 1937, *Ferdydurke* became an instant literary sensation and catapulted the young author to fame. Deemed scandalous and subversive by Nazis, Stalinists, and the Polish Communist regime in turn, the novel (as well as all of

Gombrowicz's other works) was officially banned in Poland for decades. It has nonetheless remained one of the most influential works of twentieth-century European literature. *Ferdydurke* is translated here directly from the Polish for the first time. Danuta Borhardt deftly captures Gombrowicz's playful and idiosyncratic style, and she allows English speakers to experience fully the masterpiece of a writer whom Milan Kundera describes as "one of the great novelists of our century."

involved in the ancient struggle between good and evil

Here are two major works by the famed Polish novelist and dramatist Witold Gombrowicz. The first, *Cosmos*, a metaphysical thriller, revolves around an absurd investigation. It is set in provincial Poland and narrated by a seedy, pathetic, and witty student, who is charming and appalling by turns, and whose voice is dense with the richly palpable description that characterizes Gombrowicz's writing. The second, *Pornografia*, explores the sinister effect the young can have on the

old. To serve their own secret eroticism, two aging intellectuals encourage a young couple to commit murder. Although the adolescents are the weapons used to commit the crime, the four become conspirators before the deed is done.

George Sand was the most famous, and the most scandalous, woman in nineteenth-century France. As a writer, she was enormously prolific: she wrote more than ninety novels, thirty-five plays, and thousands of pages of

autobiography. She inspired writers as diverse as Flaubert and Proust but is often remembered for her love affairs with such figures as Musset and Chopin. Her affair with Chopin is the most notorious: their nine-year relationship ended in 1847 when Sand began to suspect that the composer had fallen in love with her daughter, Solange. Drawing on archival sources, much of it neglected by Sand's previous biographers, Elizabeth Harlan examines the intertwined issues of maternity and identity that haunt Sand's writing and defined her life. Why was Sand's relationship with her daughter so fraught? Why was a woman

so famous for her personal and literary audacity ultimately so conflicted about women's liberation? In an effort to solve the riddle of Sand's identity, Harlan examines a latticework of lives that include Solange, Sand's mother and grandmother, and Sand's own protagonists, whose stories amplify her own.

Presents selections from the author's diaries from 1957 through 1966
