Probably the best biography of the late Hunter Thompson's (1937-2004) life. Very readable, filled with funny, scary, blood curdling, and amazing accounts of possibly the most memorable and interesting author of the 20th century who also happened to be a "self-confessed drug addict and opium eater".

In all the memories gathered together in "Gonzo: The Life and Work of Dr. Hunter S. Thompson," there was one subject I found conspicuously missing: The fact of the man's misery. Did he never have a hangover? The film finds extraordinary access to the people in his life, but not even from his two wives do we get a description I would dearly love to read, on what he was like in the first hour or ...
