At home there are four bedrooms: one for her, one for her little brother Sam, one for her parents, and one for the carcasses. Her father is a big-game hunter, a powerful predator, and her mother is submissive to her violent husband's demands. The young narrator spends the days with Sam, playing in the shells of cars dumped for scrap and listening out for the melody of the ice-cream truck, until a brutal accident shatters their world. This breathtaking debut is a sharp and funny coming-of-age tale in which reality and fantasy collide.

First published in 1985. Routledge is an imprint of Taylor & Francis, an informa company.

One of BBC Culture's Ten Books to Read this March and The Rumpus Book Club Pick for March Maylis de Kerangal follows up her acclaimed novel *The Heart* with a dissection of the world of a young Parisian chef More like a poetic biographical essay on a fictional person than a novel, *The Cook* is a coming-of-age journey centered on Mauro, a young self-taught cook. The story is told by an unnamed female narrator, Mauro ' s friend and disciple who we also suspect might be in love with him. Set not only in Paris but in Berlin, Thailand, Burma, and other far-flung places over the course of fifteen years, the book is hyperrealistic—to the point of feeling, at times, like a documentary. It transcends this simplistic form, however, through the lyricism and intensely vivid evocative nature of Maylis de Kerangal ' s prose, which conjures moods, sensations, and flavors, as well as the exhausting rigor and sometimes violent abuses of kitchen work. In *The Cook*, we follow Mauro as he finds his path in life: baking cakes as a child; cooking for his friends as a teenager; a series of studies, jobs, and travels; a failed love affair; a successful business; a virtual nervous breakdown; and—at the end—a rediscovery of his hunger for cooking, his appetite for life.

Une fillette de 11 ans est à la poursuite du temps perdu où son petit frère Gilles riait encore. Elle conçoit donc sa vie dans un but unique: construire une machine qui lui permettra de voyager dans le temps et empêcher l'événement dramatique à l'origine de cette ligne temporelle erronée

The life of Agatha Christie was as mysterious and eventful as her fiction. This beautifully illustrated graphic novel traces the life of the Queen of Whodunnit from her childhood in Torquay, England, through a career filled with success, mischief, and adventure, to her later years as Dame Agatha. Revealing a side to Christie that will surprise and delight many readers, Agatha introduces us to a free-spirited and thoroughly modern woman who, among other things, enjoyed flying, travel, and surfing. Centering around an episode in 1926 when Christie staged her own disappearance, Agatha is an intriguing, entertaining, and funny exploration of the 20th century's best-loved crime novelist.
