Making a Tinderbox was a lovely book with romance, suspense, drama, humor, and friendship. The book is about Elise, a noble woman, trying to escape a marriage to a prince and Nessa, a farmer's daughter, trying to start a life of her own away from home. When these two characters cross paths they end up embarking on a journey to Nightport together.

The tinderbox is a tool used primarily for lighting fires using the Firemaking skill and lighting light sources such as candles and lanterns. It can be stored on the tool belt.

Tinderbox - The RuneScape Wiki
The tinderbox is used primarily for lighting fires by clicking 'use' on the tinderbox, then clicking a log. A tinderbox can be bought in most general stores. It is also used to light and relight candles and lanterns, so any player venturing into a dark area such as the Lumbridge Caves should bring one in case their light source goes out.. The tinderbox is also used regularly in many quests.

All the societal rules are different. The fear of unrequited love is the same. Will these two women find both love and freedom?
Fiery Lady
Elisandrine 'Elise' Falk doesn't want to follow conventions and marry the boring prince. Nessa Clay, an introverted farmer's daughter wants to chase her dreams and leave her safe village. Calling to them is the dangerous city of Nightport, brimming with new innovations in clockwork and steam power. Circumstances bring Nessa and Elise together and different as they are, they find themselves magnetically drawn to each other. But will that magnetism be enough to make them overcome their insecurities? Furthermore, what secrets does Nightport hold? Who are those men searching for them? And does magic exist after all? With the help of some new friends, Elise and Nessa start to unravel the mysteries - and their feelings for one another. Steam towards love and adventure today, buy the standalone first part of The Tinderbox Tales - Making a Tinderbox, a gaslamp fantasy romance by Emma Sterner Radley.

Two worlds at war will bring them together ... or tear them apart ... Everson didn't want to be a soldier. His parents forced him to serve, as all good Indiran men should. The only problem? His first battle against their mortal enemies goes horribly wrong and he winds up stranded on the enemy planet. Now, Everson has to survive in this strange new land where everyone is out to get him. Not to mention, the planet Mano is covered in unforgiving desert. And he's the target of traitors who want to use him in a dastardly plot to overthrow their mad king, Xander the Firm, by having him retrieve a piece of mysterious and powerful ancient technology known as the Tinderbox. But everything changes during a chance encounter with the king's daughter, Allegra. Despite her station, she's in as grave of danger from her own people as Everson is. And though their peoples have been at odds for centuries, an unlikely spark forms between them. As their worlds come crashing down around them, their forbidden love might be the only chance to end this war forever. Or, it might just be the doom of everyone ... Imagine the intrigue of Game of Thrones mixed with the star-crossed romance of Romeo and Juliet ... but in space! Inspired by Hans Christian Andersen's famous fairy tale of the same name, Soldier of Indira is perfect for fans of Dune, Aurora Rising, and Stardust.

With her Amish parents' twentieth anniversary approaching, eighteen-year-old Sylvia Miller stumbles across a surprise--the old brass tinderbox her clockmaker father keeps in his Lancaster County shop has been left unlocked. Against her better judgment, Sylvia opens the cherished heirloom, not realizing that what she is about to discover will splinter apart her happy life. Sylvia's bewilderment grows when her father confronts her about snooping in the box. To her amazement, the respected convert to the Old Order reacts as if he has something to hide. Burdened by the weight of his deception, Earnest Miller decides he must reveal the details about his past to his beloved wife, Rhoda. The long-kept secret alters everything for the close-knit family, jeopardizing Earnest and Rhoda's relationship, as well as threatening Sylvia's recent engagement to the preacher's grandson. Can the Millers find a way forward through the turmoil to a place of forgiveness and acceptance?

In this book large font and vivid color images. This book will be interesting for the youngest children, and for school children and even for adults.This fairy tale written danish fairy tale writer and poet Hans Christian Andersen, was originally published May 8, 1835. This tale "Flint" is perhaps one of the most "adult" of fairy tales of the great Dutch storyteller Hans Christian Andersen. The meaning and morality tale "The Tinder Box" is that for everything in life you have to pay, but the honor and dignity always remain the foundation of human life. However, it would be too boring. In the tale sung deep folk wisdom. The main character, a brave soldier, because of their wisdom and cunning, even, emerges victorious from all the twists, turns and gets the main prize - the love of a princess and even the whole kingdom. These stories are very popular with the children, because a happy ending - this is what they are waiting for the most, sharing the main characters throughout the story.

In this groundbreaking narrative, longtime Washington Post reporter Craig Timberg and award-winning AIDS researcher Daniel Halperin tell the surprising story of how Western colonial powers unwittingly sparked the AIDS epidemic and then fanned its rise. Drawing on remarkable new science, Tinderbox overturns the conventional wisdom on the origins of this deadly pandemic and the best ways to fight it today. Recent genetic studies have traced the birth of HIV to the forbidding equatorial forests of Cameroon, where chimpanzees carried the virus for millennia without causing a major outbreak in humans. During the Scramble for Africa, colonial companies blazed new routes through the jungle in search of rubber and other riches, sending African porters into remote regions rarely traveled before. It was here that humans first contracted the strain of HIV that would eventually cause 99 percent of AIDS deaths around the world. Western powers were key actors in turning a localized outbreak into a sprawling epidemic as bustling new trade routes, modern colonial cities, and the rise of prostitution sped the virus across Africa. Christian missionaries campaigned to suppress polygamy, but left in its place fractured sexual cultures that proved uncommonly vulnerable to HIV. Equally devastating was the gradual loss of the African ritual of male circumcision, which recent studies have shown offers significant protection against infection. Timberg and Halperin argue that the same Western hubris that marked the colonial era has hamstrung the effort to fight HIV. From the United Nations AIDS program to the Bush administration's historic relief campaign, global health officials have favored well-meaning Western approaches--abstinence campaigns, condom promotion, HIV testing--that have proven ineffective in slowing the epidemic in Africa. Meanwhile they have overlooked homegrown African initiatives aimed squarely at the behaviors spreading the virus. In a riveting narrative that stretches from colonial Leopoldville to 1980s San Francisco to South Africa today, Tinderbox reveals how human hands unleashed this epidemic and can now overcome it, if only we learn the lessons of the past.

This second edition of "The Tinder Box," published in September 2014 by Seneca Books, provides readers with greater detail concerning events that occurred within the U.S. Forest Service from 1982 through 2008, and has a far more extensive Index. Since 1990 over 113,000,000 acres of America's timber lands have been consumed by wildfire, one of many disasters the U.S. Forest Service must be held accountable for. Over that same period the timber industry, companies engaged in making wood products, owners of properties adjacent forest lands, and the public at large have become incensed by the agency's ineptitude. To learn more read Christopher Burchfield's "The Tinder Box: How Politically Correct Ideology Destroyed the U.S. Forest Service." The book goes back to the very beginning--33 years ago--when the agency set about destroying itself from within. Readers will finally grasp those terrible events inside the agency, all of which took place entirely outside of public purview. Indeed, this is the first inside look at how--step-by-step, political correctness destroyed an American institution.

Buried for decades, the Up Stairs Lounge tragedy has only recently emerged as a catalyzing event of the gay liberation movement. In revelatory detail, Robert W. Fieseler chronicles the tragic event that claimed the lives of thirty-one men and one woman on June 24, 1973, at a New Orleans bar, the largest mass murder of gays until 2016. Relying on unprecedented access to survivors and archives, Fieseler creates an indelible portrait of a closeted, blue-collar gay world that flourished before an arsonist ignited an inferno that destroyed an entire community. The aftermath was no less traumatic--families ashamed to claim loved ones, the Catholic Church refusing proper burial rights, the city impervious to the survivors' needs--revealing a world of toxic prejudice that thrived well past Stonewall. Yet the impassioned activism that followed proved essential to the emergence of a fledgling gay movement. Tinderbox restores honor to a forgotten generation of civil-rights martyrs.

Tinderbox tells the exclusive, explosive, uninhibited true story of HBO and how it burst onto the American scene and screen to detonate a revolution and transform our relationship with television forever. The Sopranos, Game of Thrones, Sex and the City, The Wire, Succession...HBO has long been the home of epic shows, as well as the source for brilliant new movies, news-making documentaries, and controversial sports journalism. By thinking big, trashing tired formulas, and killing off clichés long past their primes, HBO shook off the shackles of convention and led the way to a bolder world of content, opening the door to all that was new, original, and worthy of our attention. In Tinderbox, award-winning journalist James Andrew Miller uncovers a bottomless trove of secrets and surprises, revealing new conflicts, insights, and analysis. As he did to great acclaim with SNL in Live from New York; with ESPN in Those Guys Have All the Fun; and with talent agency CAA in Powerhouse, Miller continues his record of extraordinary access to the most important voices, this time speaking with talents ranging from Abrams (J. J.) to Zendaya, as well as every single living president of HBO—and hundreds of other major players. Over the course of more than 750 interviews with key sources, Miller reveals how fraught HBO' s journey has been, capturing the drama and the comedy off-camera and inside boardrooms as HBO created and mobilized a daring new content universe, and, in doing so, reshaped storytelling and opened our entertainment lives forever.

In the dead of an unassuming January night in 1883, Milwaukee 's Newhall House hotel was set on fire. Two hours later, the building—once among the tallest in the nation—lay in ruins and over seventy people were dead. It was a tragedy that brought global notice to Milwaukee, with daring escapes and rescues and heart-wrenching tales of victims burned to death or killed as they leapt from the burning building. From the great horror emerged an even greater string of mysteries: Who had set the fire and who was to blame for the staggering loss of life? The Newhall 's hard-luck barkeeper? A gentleman arsonist? What of the many other unexplained fires at the hotel? Had the Newhall 's management neglected fire safety to boost their profits? Damn the Old Tinderbox! is the gripping tale of one of the Gilded Age 's forgotten calamities, a fire that remains among the deadliest unsolved arsons in American history, and a significant chapter in both the history of Milwaukee and the Midwest.
