Instead of using weights to do resistance training, try using a buddy! Manual resistance is a great way to add a fun, new challenge to a workout. Manual resistance simply means that instead of using weights to oppose your muscles, you are using another person. So grab a friend and let's go!

**Manual Resistance Training - Al Kavadle**

Manual resistance exercises are the use of a person being the "implement" to give the resistance component to the muscle, rather than a traditional piece of equipment. In my career as a strength coach, I've used this style of training to work with populations from five year old kids, to wrestlers at the Olympic Training Center.
