From the 15th century until the mid-1990s, media based on the printed word—books, magazines, handbills, newspapers, and journals—dominated society. Today, an onslaught of digital media centered on the Internet is developing at a breathtaking pace, destabilizing the very idea of printed media and fundamentally reshaping our world in the process. This study explores how Internet entities like Amazon, YouTube, Facebook, Wikipedia, and Google, and gadgets such as digital cameras, cell phones, video games, robots, drones, and all things MacIntosh have affected everything from the book industry and copyright law to how we conduct social relationships and consider knowledge. Including a chronology of significant events in the history of the digital explosion, this investigation of the often overlooked “shadow” side of new technology chronicles life during a radical societal shift and follows the process whereby one world disintegrates while another takes its place. Instructors considering this book for use in a course may request an examination copy [here](#).

One of Elizabeth Bowen’s most artful and psychologically acute novels, *The House in Paris* is a timeless masterpiece of nuance and atmosphere, and represents the very best of Bowen’s celebrated oeuvre. When eleven-year-old Henrietta arrives at the Fishers’ well-appointed house in Paris, she is

prepared to spend her day between trains looked after by an old friend of her grandmother's. Henrietta longs to see a few sights in the foreign city; little does she know what fascinating secrets the Fisher house itself contains. For Henrietta finds that her visit coincides with that of Leopold, an intense child who has come to Paris to be introduced to the mother he has never known. In the course of a single day, the relations between Leopold, Henrietta's agitated hostess Naomi Fisher, Leopold's mysterious mother, his dead father, and the dying matriarch in bed upstairs, come to light slowly and tantalizingly. And when Henrietta leaves the house that evening, it is in possession of the kind of grave knowledge usually reserved only for adults.

While ninety percent of the world's millionaires are men, only ten percent are women, making it difficult for women to wield the economic power that will create lasting equality. Rachel Rodgers, founder of Hello Seven, a company that coaches women in scaling their businesses and their lives to seven figures, says it's time for a change. Women deserve the economic power and equality that comes with wealth, and we all have it in us to be millionaires. *We Should All Be Millionaires* details a realistic, achievable, step-by-step path to become a millionaire within the next three years. Whatever is currently stopping you from having seven figures in the bank—whether it is doubt, feeling overwhelmed, imposter syndrome, trying too many things, or simply not knowing where to begin—this book shows you how to clear every obstacle in your way. *We Should All Be Millionaires* will forever change the way you think about money and your ability to earn it. In this book, Rachel Rodgers—mother of four,

attorney, business owner, and self-made Black millionaire— shares the lessons she’s learned both in her own journey to wealth and in coaching hundreds of women through their own journeys to seven figures. Inside, you’ll learn: Why earning more money is not “selfish” or “greedy” but in fact, a revolutionary act that brings the economy into balance and creates a better world for all. Why most of the financial advice you’ve heard in the past (like “skip your daily latte to save money”) is absolute nonsense. An eye-opening history lesson on how women and people of color have been shut out of the ability to build wealth for centuries—and how we can fix this. How to stop making broke-ass decisions that leave you feeling emotionally and financially depleted, and start making million dollar decisions instead. Why aiming to earn \$100K per year is not enough, and why you need to be setting your goals much higher. The crucial ingredients you need if you are serious about becoming a millionaire: including your million-dollar vision, million-dollar squad, and more. Strategies to bring more money in the door and fatten your bank account immediately. (Including Rodgers’ \$10K in 10 Days Challenge which hundreds of women have completed—with incredible results.) It’s time to construct an entirely new attitude about money, claim your power, and build the financial security that you need and deserve.
