This book from the editors of Fatherly, the largest digital brand for dads, is a one-stop source for fathers-to-be, empowering them to be the best parent they can be--with both confidence and joy. New fathers grapple with both practical and existential questions: Is my baby supposed to do that? How do I afford to make my family thrive? How does swaddling work again? Who am I, and what kind of dad will I become? Fatherhood is here to answer all of these questions and more. This comprehensive guide walks fathers through everything they need to know--practically, emotionally, and philosophically--over the course of the first year of a baby's life. The content is divided by developmental stage: Pregnancy up to birth Infancy (the first 500 days) Toddlerhood (days 500 to 1,000) By offering data, anecdotes, and expert-driven analysis, the authors prep dads for what's ahead, letting them know they're not alone on their journey. Fatherhood is the book
