Two brothers. One a top FBI agent. The other a brilliant, twisted criminal. An undying hatred between them. Now, a perfect crime. And the ultimate challenge: Stop me if you can...

In one of NPR's 100 Best Thrillers Ever, FBI agent Pendergast discovers thirty-six murdered bodies in a New York City charnel house . . . and now, more than a century later, a killer strikes again. In an ancient tunnel underneath New York City a charnel house is discovered. Inside are thirty-six bodies--all murdered and mutilated more than a century ago. While FBI agent Pendergast investigates the old crimes, identical killings start to terrorize the city. The nightmare has begun. Again.

An FBI agent, rotting away in a high-security prison for a murder he did not commit... His brilliant, psychotic brother, about to perpetrate a horrific crime... A young woman with an extraordinary past, on th edge of a violent breakdown... An ancient Egyptian tomb with an enigmatic curse, about to be unveiled at a celebrity-studded New York gala... Memento Mori

Pendergast--the world's most enigmatic FBI Special Agent--returns to New York City to investigate a murderous cult. William Smithback, a New York Times reporter, and his wife Nora Kelly, a Museum of Natural History archaeologist, are brutally attacked in their apartment on Manhattan's Upper West Side. Eyewitnesses claim, and the security camera confirms, that the assailant was their strange, sinister neighbor--a man who, by all reports, was already dead and buried weeks earlier. While Captain Laura Hayward leads the official investigation, Pendergast and Lieutenant Vincent D'Agosta undertake their own private--and decidedly unorthodox--quest for the truth. Their serpentine journey takes them to an enclave of Manhattan they never imagined could exist: a secretive, reclusive cult of Obeah and vodou which no outsiders have ever survived.

In this #1 New York Times bestseller, FBI Agent Pendergast reluctantly teams up with a new partner to investigate a rash of Miami Beach murders . . . only to uncover a deadly conspiracy that spans decades. After an overhaul of leadership at the FBI's New York field office, A. X. L. Pendergast is abruptly forced to accept an unthinkable condition of continued employment: the famously rogue agent must now work with a partner. Pendergast and his new colleague, junior agent Coldmoon, are assigned to investigate a rash of killings in Miami Beach, where a bloodthirsty psychopath is cutting out the hearts of his victims and leaving them with cryptic handwritten letters at local gravestones. The graves are unconnected save in one bizarre way: all belong to women who committed suicide. But the seeming lack of connection between the old suicides and the new murders is soon the least of Pendergast's worries. Because as he digs deeper, he realizes the brutal new crimes may be just the tip of the iceberg: a conspiracy of death that reaches back decades.
