An engaging tale written in verse about a handsome African Grey Parrot, Nebuchadnezzar the Third, and his unlikely playmate, Belinda a bright and busy bee. Nebuchadnezzar lives in the deep jungles of Africa and comes to rich and colourful life when he takes to the air, showing off his splendid plumage as he swoops and dives with his fellow fliers. But every young creature needs a playmate and some fun, and this is where Belinda the Bee comes in. She's Nebuchadnezzar's good friend, and after a day's work they join together to play jungle hide-and-seek. Lots of laughs and giggles later, they settle down for a good night's sleep. Claire Norden's now familiar style of illustration is cheerful and bright, and holds great appeal for young readers.

The book publishing industry is going through a period of profound and turbulent change brought about in part by the digital revolution. What is the role of the book in an age preoccupied with computers and the internet? How has the book publishing industry been transformed by the economic and technological upheavals of recent years, and how is it likely to change in the future? This is the first major study of the book publishing industry in Britain and the United States for more than two decades. Thompson focuses on academic and higher education publishing and analyses the evolution of these sectors from

1980 to the present. He shows that each sector is characterized by its own distinctive "logic" or dynamic of change, and that by reconstructing this logic we can understand the problems, challenges and opportunities faced by publishing firms today. He also shows that the digital revolution has had, and continues to have, a profound impact on the book publishing business, although the real impact of this revolution has little to do with the ebook scenarios imagined by many commentators. Books in the Digital Age will become a standard work on the publishing industry at the beginning of the 21st century. It will be of great interest to students taking courses in the sociology of culture, media and cultural studies, and publishing. It will also be of great value to professionals in the publishing industry, educators and policy makers, and to anyone interested in books and their future.

Paris Sketchbook is a stunning gift book from leading international fashion illustrator Jason Brooks. Although he is best known for his beautiful fashion imagery, which has regularly graced the pages of Vogue and Elle magazines, travel has been a recurrent theme in his work and his adventures continue to inspire and inform his visual repertoire. During his time on fashion assignments at the couture shows in Paris, Brooks developed a fascination for the city, drawing and painting beautiful travel journals that demonstrate his passion for all things Parisian. This book is a whimsical take on Paris, part guide book, part illustrated journal, it will appeal to both travellers and fashionistas. Sumptuous production with different stocks and inks will make this a must for anyone who loves fashion illustration and beautiful books.

AKU AININ SOFIYA, hanya seorang pembantu rumah separuh masa. Tugasku bukan setakat mengemas rumah, malah urusan dapur diserahkan kepadaku. Buat pertama kalinya, asam pedasku mendapat pujian. Dalam diam, aku diintai oleh salah seorang anak majikanku, Ahmad Ziyad. Rupa-rupanya, asam pedasku menjadi kegemarannya. Namun tidak kusangka, dia ingin melamarku, hanya kerana ingin membantuku dari segi kewangan. Aku bukan mata duitan! Aku hanya bekerja di rumahnya dengan hasil usahaku sendiri. Setelah berfikir panjang, aku menerima lamarannya, tetapi dia meletakkan syarat. Perkahwinan ini harus dirahsiakan daripada pengetahuan keluarga dan teman wanitanya. Aku juga tidak dibenarkan hamil. Malah, aku tidak dimaafkan jika perkara itu berlaku. Sampai bila aku harus berlakon dan menyorok statusku? Jiwaku terseksa menjadi isteri rahsianya walaupun halal di sisi agama. Ziyad seolah-olah tidak memahami perasaanku. Hidupku terseksa dengan permainannya sehingga takdir menentukan aku hamil anaknya!

Charles Darwin (1809-1882) changed the world forever with the 1859 publication of *On the Origin of Species by Means of Natural Selection*. *Charles Darwin: A Celebration of His Life and Legacy* is an anthology of critical writings that grew out of a lecture series, hosted by Auburn University, held on the occasion of the two hundredth anniversary of Darwin's birth and the one hundred fiftieth anniversary of the first edition of his most famous book. Ideas in *On the Origin of Species* reordered the biological sciences forever, spawned new disciplines including evolutionary psychology, sociobiology, and evolutionary developmental biology, became foundational for modern biomedical research and practice, inspired new literature and literary criticism, were misused by 20th-century eugenicists and social Darwinists, traumatized persons with certain theological views, and continue to alter humankind's view of itself and its place in the world. The seventeen contributors to this anthology tell an interdisciplinary story of Charles Darwin the person, Darwin's work and world-altering ideas, and Darwin's legacy.

Students heading for a career in business will benefit from researched and proven selling techniques. Professional sales skills are becoming increasingly important in today's business world. This text covers up-to-date academic topics and rich application materials, providing students with everything they need to understand and apply selling techniques. In the eleventh edition, Manning and Reece have invited Michael Ahearne to join their best-selling author team. Ahearne's experience as Associate Professor of Marketing and Executive Director of the Sales Excellence Institute, in addition to his extensive educational background, provides invaluable insight to this already well-researched text. *Developing a Personal Selling Philosophy; Developing a Relationship Strategy; Developing a Product Strategy; Developing a Customer Strategy; Developing a Presentation Strategy; Management of Self and Others Advances* in technology and changes in customer expectations mean that sales personnel need to be adaptive and employ the latest in selling techniques. The authors have updated this text with new research and new interactive tools to engage students and reinforce learning with doing.
