[Simulation Game For Contract Negotiations By William](#)

We noticed improvements in participants' 'AHA!' moments. So we went looking for scored negotiation software. What we discovered was overly simplistic and rigid negotiation software – the negotiation software options haven't improved much. So in 2008, we decided to create a negotiation simulation game.

This simulation happens to involve a consulting contract, but the negotiation lessons are generic. The exercise can be used simply to illustrate the importance of the creative, option-generating aspect of negotiation. More importantly, it can also be used as the principal vehicle for presenting integrative theory more broadly.
