and intense stories, Richard Lange returns to the form that first landed him on the literary map. These are edge-of-your-seat tales: A prison guard must protect an inmate being tried for heinous crimes. A father and son set out to rescue a young couple trapped during a wildfire. An ex-con trying to make good as a security guard stumbles onto a burglary plot. A young father must submit to blackmail to protect the fragile life he's built. SWEET NOTHING is an unforgettable collection that shows once again why T.C. Boyle wrote, "Lange's stories combine the truth-telling and immediacy of Raymond Carver with the casual hip of Denis Johnson. There is a potent artistic sensibility at work here" (on *Dead Boys*).

Luke Drake is obsessed with his job. He lives and breathes it. He likes routine and being able to keep his world calm while chaos is all around him. Every single morning, Kinsley Alexander can look at the clock and know when the next bell above the door goes off, it's going to be Luke. Kinsley thinks Luke Drake is a jerk. He doesn't have time for the world around him and she's pretty sure his most prized possession is his phone. It's either glued to his ear, or his thumbs are moving a million miles a minute across the screen. On a fluke, she decides to write little messages on his cup. Maybe it will make him come up for air and enjoy life. If anyone ever needed that, it would be Luke. When that doesn't seem to work, she gets up the nerve to talk to Luke instead. Finally, Luke sees something other than his phone. What he sees is beauty so incredible it takes his breath away. What he sees is Kinsley and he's not letting her get away. She's meant to be his.
