MyLab(tm) Math is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. The Skills Review MyLab Math provides review and skill development that complements the text, helping students brush-up on skills needed to be successful in class. The MyLab Math course doesn't mirror the problems from the text, but instead covers basic skills needed prior to class, eliminating the need to spend valuable class time re-teaching basics that students should already know. This enables students to have a richer experience in the classroom while working through the book activities and problems. In addition to basic skills review, the MyLab Math course includes a wealth of resources to help students visualize the concepts and understand how they come into play in an elementary classroom. These includes IMAP videos, Responding to Students Videos, eManipulatives, and brand new Common Core videos, Demonstration videos, and GeoGebra animations.
