Textbook On Forest
Management -

old.dawnclinic.org

Things to consider in
forest management The
forest can be managed
for various objectives.

The main objective of
managing community
forest is often to
sustainably provide for
the needs of firewood,
fodder, timber, etc. in the

File Type PDF Textbook On

community.

Management of private forest may, for example, be for the maximum output of good quality timber. There may be many other objectives in forest management.
