Lawrence, Henry Miller, Lawrence Durrell, Marguerite Young, and Djuna Barnes. Anais Nin, the diarist, novelist, and provocateur, occupied a singular space in twentieth-century culture, not only as a literary figure and voice of female sexual liberation but as a celebrity and symbol of shifting social mores in postwar America. Before Madonna and her many imitators, there was Nin; yet, until now, there has been no major study of Nin as a celebrity figure. In Writing an Icon, Anita Jarczok reveals how Nin carefully crafted her literary and public persona, which she rewrote and restyled to suit her needs and desires. When the first volume of her diary was published in 1966, Nin became a celebrity, notorious beyond the artistic and literary circles in which she previously had operated. Jarczok examines the ways in which the American media appropriated and deconstructed Nin and analyzes the influence of Nin's guiding hand in their construction of her public persona. The key to understanding Nin's celebrity in its shifting forms, Jarczok contends, is the Diary itself, the principal vehicle through which her image has been mediated. Combining the perspectives of narrative and cultural studies, Jarczok traces the trajectory of Nin's celebrity, the reception of her writings. The result is an innovative investigation of the dynamic relationships of Nin's writing, identity, public image, and consumer culture.

Scholars, journalists, and publishers have turned their brains inside out in the effort to predict what lies ahead, but who better to comment on the future of the book than those who are driven to write them? The way we absorb information has changed dramatically. Edison's phonograph has been reincarnated as the iPod. Celluloid went digital. But books, for the most part, have remained the same—until now. And while music and movies have undergone an almost Darwinian evolution, the literary world now faces a revolution, a sudden change in the way we buy, produce, and read books. In The Late American Novel, Jeff Martin and C. Max Magee gather some of today's finest writers to consider the sea change that is upon them. Lauren Groff imagines an array of fantastical futures for writers, from poets with groupies to novelists as vending machines. Rivka Galchen writes about the figurative and literal death of paper. Joe Meno expounds upon the idea of a book as a place set permanently aside for the imagination, regardless of format. These and other original essays by Reif Larsen, Benjamin Kunkel, Victoria Patterson, and many more provide a timely and much-needed commentary on this compelling cultural crossroad.

Collages explores a world of fantasy and dreams through an eccentric young painter. Nin's first book was published in the 1930s and she went on to write stories and a series of autobiographical novels and her celebrated volumes of erotica.

"Bennett writes like no one else. She is a rare talent, and Checkout 19 is a masterful novel." —Karl Ove Knausgaard Named a most anticipated book of 2022 by Vulture, Glamour, Bustle, and Lit Hub From the author of the "dazzling ... and daring" Pond (O magazine), the adventures of a young woman discovering her own genius, through the people she meets—and dreams up—along the way. In a working-class town in a county west of London, a schoolgirl scribbles stories in the back pages of her exercise book, intoxicated by the first sparks of her imagination. As she grows, everything and everyone she encounters become fuel for a burning talent. The large Russian man in the ancient maroon car who careens around the grocery store where she works as a checkout clerk, and slips her a copy of Beyond Good and Evil. The growing heaps of other books in which she loses—and finds—herself. Even the derailing of a friendship, in a devastating violation. The thrill of learning to conjure characters and scenarios in her head is matched by the exhilaration of forging her own way in the world, the two kinds of ingenuity kindling to a brilliant conflagration. Exceeding the extraordinary promise of Bennett's mold-shattering debut, Checkout 19 is a radical affirmation of the power of the imagination and the magic escape those who master it open to us all.

She is an anonymous part of an experiment, and she always was. Now it seems that the experiment is closing in. Now with Extra Libris material, including a reader's guide and bonus content

The trailblazing memoirist and author of Henry & June recounts her relationships with Henry Miller and others—including her own father. Anais Nin wrote in her uncensored diaries like they were a broad-minded confidante with whom she shared the liberating psychosexual dramas of her life. In this continuation of her notorious Henry & June, she recounts a particularly turbulent period between 1932 and 1934, and the men who dominated it: her protective husband, her therapist, and the poet Antonin Artaud. However, most consuming of all is novelist Henry Miller—a man whose genius, said Anais, was so demonic it could drive people insane. Here too, recounted in extraordinary detail, is the sexual affair she had with her father. At once loving, exciting, and vengeful, it was the ultimate social transgression for which Anais would eventually seek absolution from her analysts. "Before Lena Dunham there was Anais Nin. Like Dunham, she's been accused of narcissism, sociopathy, and sexual perversion time and again. Yet even that comparison undercuts the strangeness and bravery of her work, for Nin was the first of her kind. And, like all truly unique talents, she was worshipped by some, hated by many, and misunderstood by most. ... A woman who'd spent decades on the bleeding edge of American intellectual life, a woman who had been a respected colleague of male writers who pushed the boundaries of acceptable sex writing. Like many great ... experimentalists, she wrote for a world that did not yet exist, and so helped to bring it into being." —The Guardian Includes an introduction by Rupert Pole
