'John Horgan ' s The Psychology of Terrorism is one of the best applications of a social science discipline (in this case, psychology) to explain the drivers that motivate individuals to become terrorists, function as terrorists, and, in ideal cases, disengage from terrorism. Also included are some of the best treatments in the academic literature on how to define terrorism and conduct academic research on terrorism.'

The Psychology of Terrorism. Clark R. McCauley, Professor of Psychology, Bryn Mawr College. 1.

Terrorism as a Category of Violence. In a global war on terrorism, it is important to ask what we mean by terrorism. The usual definition of terrorism is something like "the use or threat of violence, by small groups against non-combatants of large groups, for avowed political goals."

government decision-making processes, and the effectiveness of different counterterrorist policy options. Persistent Issues In 1990, a volume on the psychology of terrorism concluded with two essays on the opportunities for and limitations on future research (Crenshaw, 1990; Reich, 1990).

The Psychology of Terrorism: An Agenda for the 21st Century

What are the benefits to a terrorist group of using suicide bombers to conduct terrorist acts? What, beyond the obvious (once a suicide bomber detonates him/herself that human weapon is no longer in the terrorist group's arsenal) are some of the downsides? Describe-don't just list. How does the terrorist recruitment process compare (similarities) and contrast (differences) with the recruiting ...

Psychology of Terrorism | Nursing Coursework

As Clark McCauley describes, “ The psychology behind terrorist violence is normal psychology, abnormal only in the intensity of the group dynamics that link cause with comrades. ” Under this theory, terrorists are rational actors acting in support of a group and in response to a grievance. According to psychology Professor Fathali Moghaddam, we must maintain our opposition to terrorism but reposition our worldview to “ better understand why terrorists behave the way they do. ”
