focus on how to shift state, with some of these targeting specific states like acceptance and anxiety. These are followed by recipes that seek to develop behaviours and skills, and others that address beliefs and identity. There is then a wide range to choose from which deal with goals, relationships and the process of change. The beauty is that most of them can be used time and again for different circumstances and contexts, so they never wear out. Each recipe is prefaced by an introduction, giving you some background to its source and evolution. You are provided with its ingredients, should you be interested in its engineering, plus timings and materials required, and if it is suitable for working solo, or with a partner. Novice cooks can follow the recipes slavishly whereas those with more experience can adapt a recipe, adding a little something here, removing a little something there. This is not magic. They understand the chemistry that underpins the cooking process. They know what happens when you put this with that, now or later.

Through the use of a variety of approaches and techniques, including emotional literacy, NLP and learning styles, this resource gives practical examples of how to engage disaffected students and ensure they have a successful learning experience. The book outlines the causes of disaffection generally and looks at a range of syndromes and conditions that may give rise to disaffection, offering support strategies that will encourage the engagement of such students. The book also outlines approaches for helping students to self-manage their behaviour and learning.

If you have ever looked for P-values by shopping at P mart, tried to watch the Bernoulli Trails on "People's Court," or think that the standard deviation is a criminal offense in six states, then you need The Cartoon Guide to Statistics to put you on the road to statistical literacy. The Cartoon Guide to Statistics covers all the central ideas of modern statistics: the summary and display of data, probability in gambling and medicine, random variables, Bernoulli Trails, the Central Limit Theorem, hypothesis testing, confidence interval estimation, and much more—all explained in simple, clear, and yes, funny illustrations. Never again will you order the Poisson Distribution in a French restaurant!

John King is a prolific cartoonist with an ever-increasing following on social media. Imagine Dilbert, The Far Side, Peanuts and Garfield cartoons added to the humour of Michael McIntyre, Spike Milligan, Airplane and Monty Python! This book appears hard on the heels of the success of John's first two books: 'Cartoon Headcase: Cartoons to Make you Happy' and 'Cartoon Headcase: Making the Whole World Laugh'. The mission statement for this series is 'a smile on every face and a book in every toilet'. This book is guaranteed to make you laugh out loud with over 200 cartoons from a true comedy genius. They say laughter is the best medicine, but this book could cost you a few ribs! Inside, you'll find humour ranging from everyday life to the surreal. Enjoy the very best in cartoon comedy - a treasure for you and a hilarious gift for others! **REVIEWS FROM THE PREVIOUS TWO BOOKS** "It's just funny! This book is FULL of cartoons, based on ordinary life, but able to show the ridiculous in the ordinary. It's easy to read, but hard to put down! It's fun and I love it". Crafter ' Really really worth it, so funny. Really funny and loads and loads of little jokes and is very easy to read". Nathan Gilpin "Does what it says on the cover. This is a big book, full of great jokes. When it arrived it had us guffawing at the drawings, the punchlines, the unexpected twists and the hilarious expressions John manages to depict on his stick characters. Cartoons to make you happy does what it says on the cover. Highly recommend".

Hills 93 "Great book - read it cover to cover and now keep it 'on hand' to dip into. John has a great ability to observe everyday life and see the humour.....before adding the Cartoon Headcase twist. Can't wait to get the next one! Recommended". Malkido "It's just funny! This is just as funny as the other one. There are a LOT of cartoons, in the book, so the price is very reasonable. Like John's other book, it's easy to read and hard to put down. I honestly think it can cheer up a dull day easily". Crafter. "Highly original. This is a comedy cartoon page turner- really good fun!!" Dr :D "Hilariously funny! Such a funny book absolutely jam packed with hilarious cartoons! Had me laughing out loud!!! Well worth buying this one and the other book too ☺☺☺☺☺!" Catherine Horton
