The Ultimate Guide to Writing a Dissertation contains step-by-step guidance derived from the experience of assisting hundreds of students who have successfully completed dissertations in business studies.

"Christians do not experience death as do others who are not of the Christian faith." "Christians do not die alone or forsaken." "Logan Smith has told some fascinating, good-news stories that will have you thinking about what dying and heaven will be like for the Christian. He tells those stories in a loving, compassionate, nonjudgmental way. The crux of the stories, of the good news, is this: The Christian never dies alone." - Phil Hudgins, Author, Publisher, Editor, Reporter. "T. Logan Smith's work, The Ultimate Step, is a book that needed to be written. And, after a lifetime of ministering to people from all walks of life, Reverend Smith is the perfect person to have written it. His stories about what Christians experience in their final earthly days and minutes are not only heartwarming, but beautifully worded. This book is more than uplifting. While the book offers profound insights into the Bible, perhaps, more importantly, its pages holds a sense of understanding and peace about the hour of our own ultimate step." - Emory Jones-author of books including, Distant Voices and The Valley Where They Danced. "It was meant that Logan Smith write this book." - John Foster, Former Georgia Senator. "A great chronicle of faith and an affirmation of eternal truths." - Nathan Deal, Former Governor of Georgia.

Unique, Simple and Straightforward Way to Learn Music Theory and Become a Better Musician, Even if You're a Total Beginner! * Updated and massively Expanded edition with Audio examples, new Exercises, and over 150 pages of NEW content! * ** On a special promo price for a limited time! ** Have you ever wanted: To know how understanding music theory can make you a better player (on any instrument)? love and how you can (re)create it? To get a broad perspective of tonal harmony, and how melody, harmony, and rhythm work together? Understand advanced concepts (such as modal playing, atonality, polytonality, free music, etc.) that usually only advanced jazz musicians use? But... Have you ever been put off by music theory or thought that it wasn't necessary, boring or too hard to learn? If you find yourself in any of this, then this book is what you need. It covers pretty much everything that anyone who plays or wants to play music, and wishes to become a better musician, should know. This is one of the most comprehensive and straightforward, evergreen books on music theory that you can find, and you will wish to study it often and keep it forever. The book is structured in a way that is very easy to follow and internalize all the concepts that are explained. You don't have to be a college degree music student in order to understand and use any of this - anyone can do it, even a total beginner! It also doesn't matter what instrument(s) you play nor what is your level of knowledge or playing ability, because music theory is universal and all about what sounds good together! It explains the WHY and HOW, and it is your roadmap, a skill and a tool - guided by your ears - for creating beautiful music This book will give you what is necessary to become a true expert in music theory without frustration and feeling overwhelmed in the process, and this in-turn will have immense benefits to your playing and musicianship! Just use the look inside feature by clicking on the book cover to get a sneak peak of what you'll learn inside... Get this book now and solve all your problems with music theory, and become proficient in this field! Pick up your copy by clicking on the BUY now button at the top of this page.
