In The Eye of God, a Sigma Force novel, New York Times bestselling author James Rollins delivers an apocalyptic vision of a future predicted by the distant past. In the wilds of Mongolia, a research satellite has crashed, triggering an explosive search for its valuable cargo: a code-black physics project connected to the study of dark energy—and a shocking image of the eastern seaboard of the United States in utter ruin. At the Vatican, a package arrives containing two strange artifacts: a skull scrawled with

ancient Aramaic and a tome bound in human skin. DNA evidence reveals that both came from the same body: the long dead Mongol king Genghis Khan. Commander Gray Pierce and Sigma Force set out to discover a truth tied to the fall of the Roman Empire, to a mystery going back to the birth of Christianity, and to a weapon hidden for centuries that holds the fate of humanity.

On the day the end begins, the sea will reveal a mystery. Ex-Navy SEAL Jack Kirkland surfaces from an aborted underwater salvage mission to find the Earth burning. Solar flares have triggered a series of gargantuan natural disasters. Earthquakes and hellfire rock the globe. Air Force One has vanished from the skies with America's President on board. Now, with the U.S. on the narrow brink of a nuclear apocalypse, Kirkland must pilot his ocean-going exploration ship, Deep Fathom, on a desperate mission miles below the ocean's surface. There devastating secrets await him—and a power an ancient civilization could not contain has been cast out into modern day. And it will forever alter a world that's already racing toward its own destruction. See why the Providence Journal-Bulletin calls James Rollins "the modern master of the action thriller" with this classic Rollins tale.

Experience the exciting breadth of #1 New York Times bestselling author James Rollins's wild imagination and adventurous spirit in this anthology of his short masterworks, including a new full-length novella featuring Captain Tucker Wayne and his military war dog, Kane, as well as eleven previously published short stories, gathered together for the first time. In this breathtaking collection of short fiction, his first ever anthology, James Rollins brings together twelve thrilling stories that dig a little deeper into his creative stomping grounds and open vistas into new landscapes and characters. At the center of *Unrestricted Access* is the never-before-published novella "Sun Dogs." While trekking through the Sonora desert, a gunshot thrusts Tucker and Kane into an adventure that challenges their considerable skills. The discovery of secrets known only to the native tribes of Arizona threatens to unleash an ancient force that could irreparably alter the future. It also forces Tucker to make a terrible choice that will shatter his relationship with his soul-bonded companion Kane. As these partners learn, nothing remains buried forever and old debts must be paid, no matter the cost. Other stories—each with an introduction by James Rollins—are just as compelling, offering broader insight into this acclaimed master's fictional universes, including: "The Pit": a young dog is kidnapped and brutalized into becoming the bloody champion of a dog-fighting ring. But can this tortured monster find redemption and a path back to the boy who first raised him with love and compassion? "Tagger": A pair of teenage street artists must protect San Francisco from a demon who has been seeking revenge for centuries. "The Devil's Bones": In this jungle adventure—the first joint story from Rollins and Steve Berry—Commander Gray Pierce and Cotton Malone must work together using their unique skills to survive a deadly threat. The stories "The Midnight Watch," "The Skeleton Key," "Tracker," and "Kowalski's in Love" shine light into some of Sigma Force's secrets. Who were these characters before they were recruited by Sigma? What solo adventures did they experience? How do these short adventures tie into the larger Sigma universe? Rollins offers some clues. And rounding out this collection are a pair of entertaining stories "Blood Brothers" and "City of Screams" that complement *The Order of the Sanguines* series. Filled with adventure, intrigue, history, and speculative science, *Unrestricted Access* demonstrates Rollins's remarkable creative powers and is a must-have collection for his many fans.
