A guide to similar irons and steels, with iron and steel alloys listed in one of 51 sections that cover eight major categories: cast iron, cast stainless steel, steel casting, alloy steel, carbon steel, high strength and structural steel, wrought stainless steel, and tool steel. Within each section, alloys are listed alphabetically by one of the names or grades commonly used in the US. After each grade, one or more UNS (Unified Numbering System) numbers is given as a designation and composition. Within each alloy listing, countries are listed alphabetically followed by
